1. PRODUCT DESCRIPTION

spine care crazy fit massager is the wonderful whole body vibration training system that helps you conquer your weight loss, body shaping and fitness goals- very fast and easily. The crazy fit massager consist of a vibrating platform that the user stands on or performs exercise on which stimulate muscles in a manner that promotes their rapid development.

The movement of the plate stimulate the body's natural "stretch reflex" which causes a spontaneous muscles constration. These strong contractions are able to be repeated at the rapid rate . This assists in achieving training or rehabilitation goals more effectively.
